

GROWERS HAVE AN EVER-INCREASING LIST OF PRODUCTS THEY can use in organic systems. If the input you wish to use is not listed here, it is recommended that you apply to your certification body for permission to use that product. If you have a product you wish to be listed here, contact the BFA on (07) 3350 5716 for information on registering your product as an allowed input.

Directory categories are:

- **Crop Management** (includes weed, pest and disease products and spray adjuvants)
- **Soil and Plant Nutrition** (includes composts, potting mixes, mulches, microbials, activators)
- **Livestock Management** (includes feed supplements and health products)
- **Processing and Facility/Property Management** (includes salt, plastics, cleaners, vine wax, timber treat and other misc.)
- **Seeds and Seedlings.**
