

BFA Training Activities

BFA On-Farm Food Safety Workshop – Horticulture

A workshop that needs to be completed by all ACO/OGA organic growers who wish to obtain the ACO On-Farm Safe Food certification.

About the workshop:

BFA is offering a one day workshop to certified growers who wish to obtain an On-Farm Safe Food certification from ACO. The workshop will go over the requirements for implementing a program on your horticultural operation. The activities you do on the day will help you set up a program for your own operation.

On-Farm Safe Food certification is now required by most of industry if you wish to supply into mainstream markets.

Workshop Topics include:

- Understanding & Identifying Food Safety Risks
- Assessing Food Safety Risks
- Managing Food Safety Risks
- Implementing Food Safety on your farm

Workshop Details:

Where: The course runs for 1 day and is held in various locations around Australia.

How long: The course runs for 1 day.

When: It is run on demand. Contact BFA to register.

Who: This course is for ACO/OGA certified organic horticulture operators.
