

ALLOWED PRODUCTS

Growers have an ever-increasing list of products they can use in organic systems. If the input you wish to use is not listed here, it is recommended that you apply to your certification body for permission to use that product. If you have a product you wish to be listed here, contact the BFA on (07) 3350 5716 for information on registering your product as an allowed input.

 Weed Control Mat (452A) Weed Gunnel
 Weed Zap (2002A) Zadco For Quality Gro Pty Ltd

At last a permeable and degradable weed mat that doesn't harm your plants or soil structure.

- Degradable
- Permeable
- UV Stabilised
- Reduces erosion
- Conserve soil moisture
- Available by the metre in different widths
- Pre-cut sizes available

Soil is a living dynamic system

Healthy soil relies on a critical balance of structure, nutrients and biology. With a SWEP soil test we can show you, with an easy to read, comprehensive written report, the health and balance of your soil, and how to maximise its productivity and quality by using the "Mikhail soil balance system".
